Subject: Quality of Training Service for TPSI Fire Watch Personnel

I and Tiger Personnel Services, Inc. (TPSI), wish to extend our thanks to you, EQ and the entire Excelsior Staff, for the effective, informative, and entertaining manner in which you supported our Coast Guard Fire Watch contract.

During our Annual Training, our employees, both veterans and new hires, were given every opportunity to approach the task at hand with great appreciation, while also focusing on the over-riding need for personnel safety.

EQ, we appreciate how you engaged our employees with visual aids to ensure all parties were engaged and involved in not only learning, but also sharing their own experiences as a Fire Watch team member. During the training and throughout our business relationship, since 2010, our questions were continually fielded quickly, accurately, and professionally.

I, along with the rest of the TPSI family wish you continued good fortune in the Instruction field, knowing that, with the skills displayed over the years, *and God's help*, your professional future looks bright.

Your services are most appreciated!!

Sincerely,

Toni Dixon-DeVoe
TPSI, President & CEO
